Setting up your Affiliate Connect Dashboard

Now that you've logged in, you are viewing a blank dashboard, what's next?

Your first step is to set up your Ad/Branding Block! Your branding block is what the client/buyer of the agents you are connected to will see when they are viewing listings. For a video on how to do this <u>Click</u> <u>here</u> or follow the steps below:

- 1. Click on the gear in the upper right-hand corner of the screen.
- 2. Customize your photo and office logo. Select **Edit Photo** then click on **Upload Photo**. Note that the photo upload must be below 2MBs in size. Find your photo on your PC and select, click open and then click save.
- 3. Follow the same steps same for uploading an office logo.
- 4. Add your Marketing text. This is what will be displayed under info in the advertisement. You can update this text as often as you like. It is a great place to introduce yourself to the buyer/client.
- 5. The Call to Action link is where you can place a link on your ad/block that the buyer/client can click on and be redirected to either your homepage, a rate page, etc.
- Click the Save button and you will then be able to preview what your ad/branding box will look like to the buyer/client.

This ad/branding box will display in the buyer/client's collaboration center when viewing listings.

Connecting with Agents

Now that you have your ad/branding block ready to go, you will want to find some agents to connect to.

For a video on how to do this <u>Click here</u> or follow the steps below:

On your new dashboard you will be allowed to search for and send invitations to agents you would like to connect with. They may also connect directly with you.

- 1. Send invitations to agents to connect (the number of invitations sent is determined by the MLS).
 - a. If you reach your invitation limit, you can either disconnect from one of your agents or remove an unaccepted invitation to send an invite to another agent.
 - b. Agents will receive these connection requests via email. They can accept or decline the invitation. The invitation will automatically expire in 30 days.
 - c. You can resend an invitation to an agent only once.
- 2. To invite agents to connect with you, you will go to the menu in the upper left click and select the Search Agents options (the number of invitations sent is determined by the MLS)

As an affiliate, you can be connected by agents or brokers. Once your affiliate access has been set up, you will become searchable by agents and brokers within the MLS. Agents can connect directly to you without impacting the number of invitations you can send out. Brokers/Office managers can also connect with you at an office level affiliate that will connect you to the office(s) that they manage. If you are connected as an office level affiliate, all agents within the office become connected to you.

*Provided the agent has chosen to share the information with you.
